

SET DE TERRENOS BÍBLICOS PARTE 1

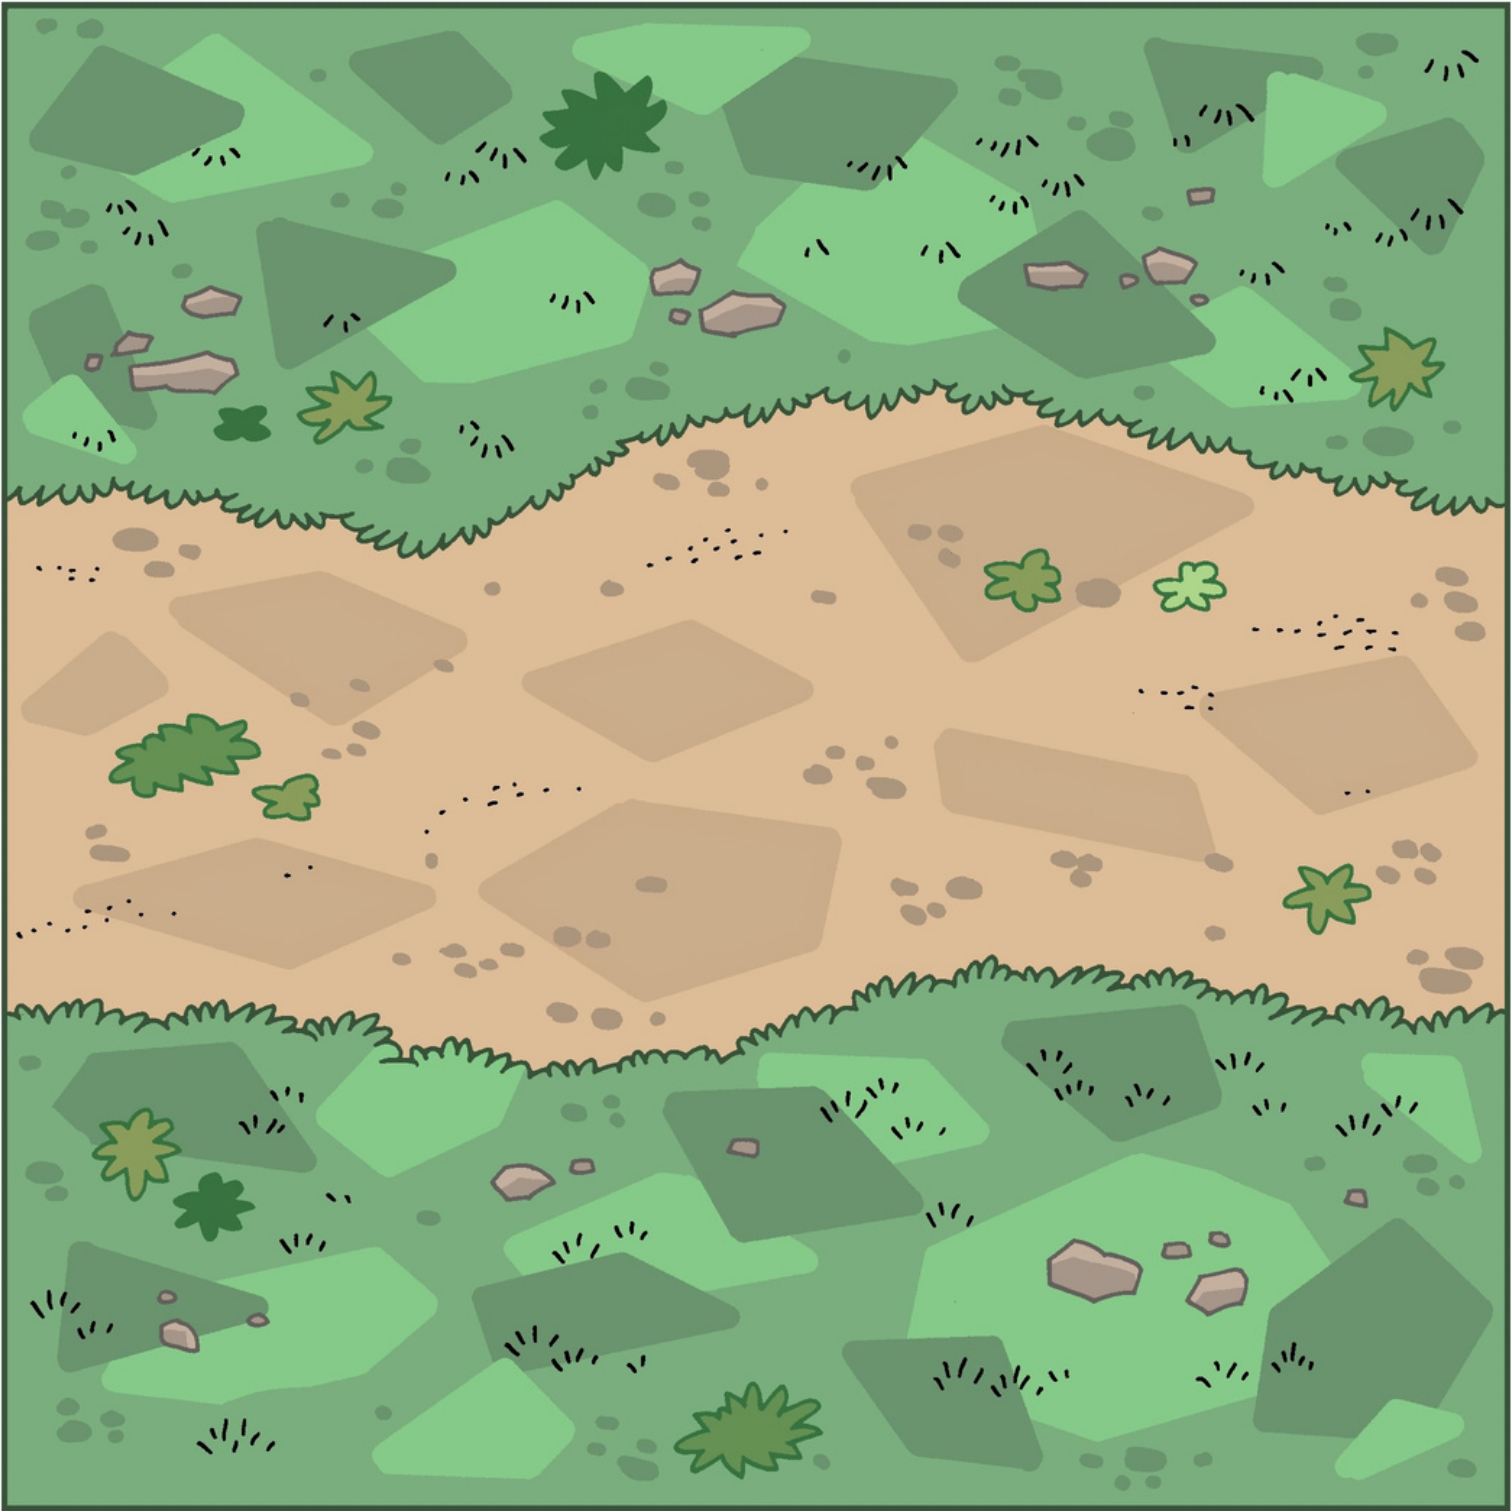

¿Cómo montar tu escenografía?

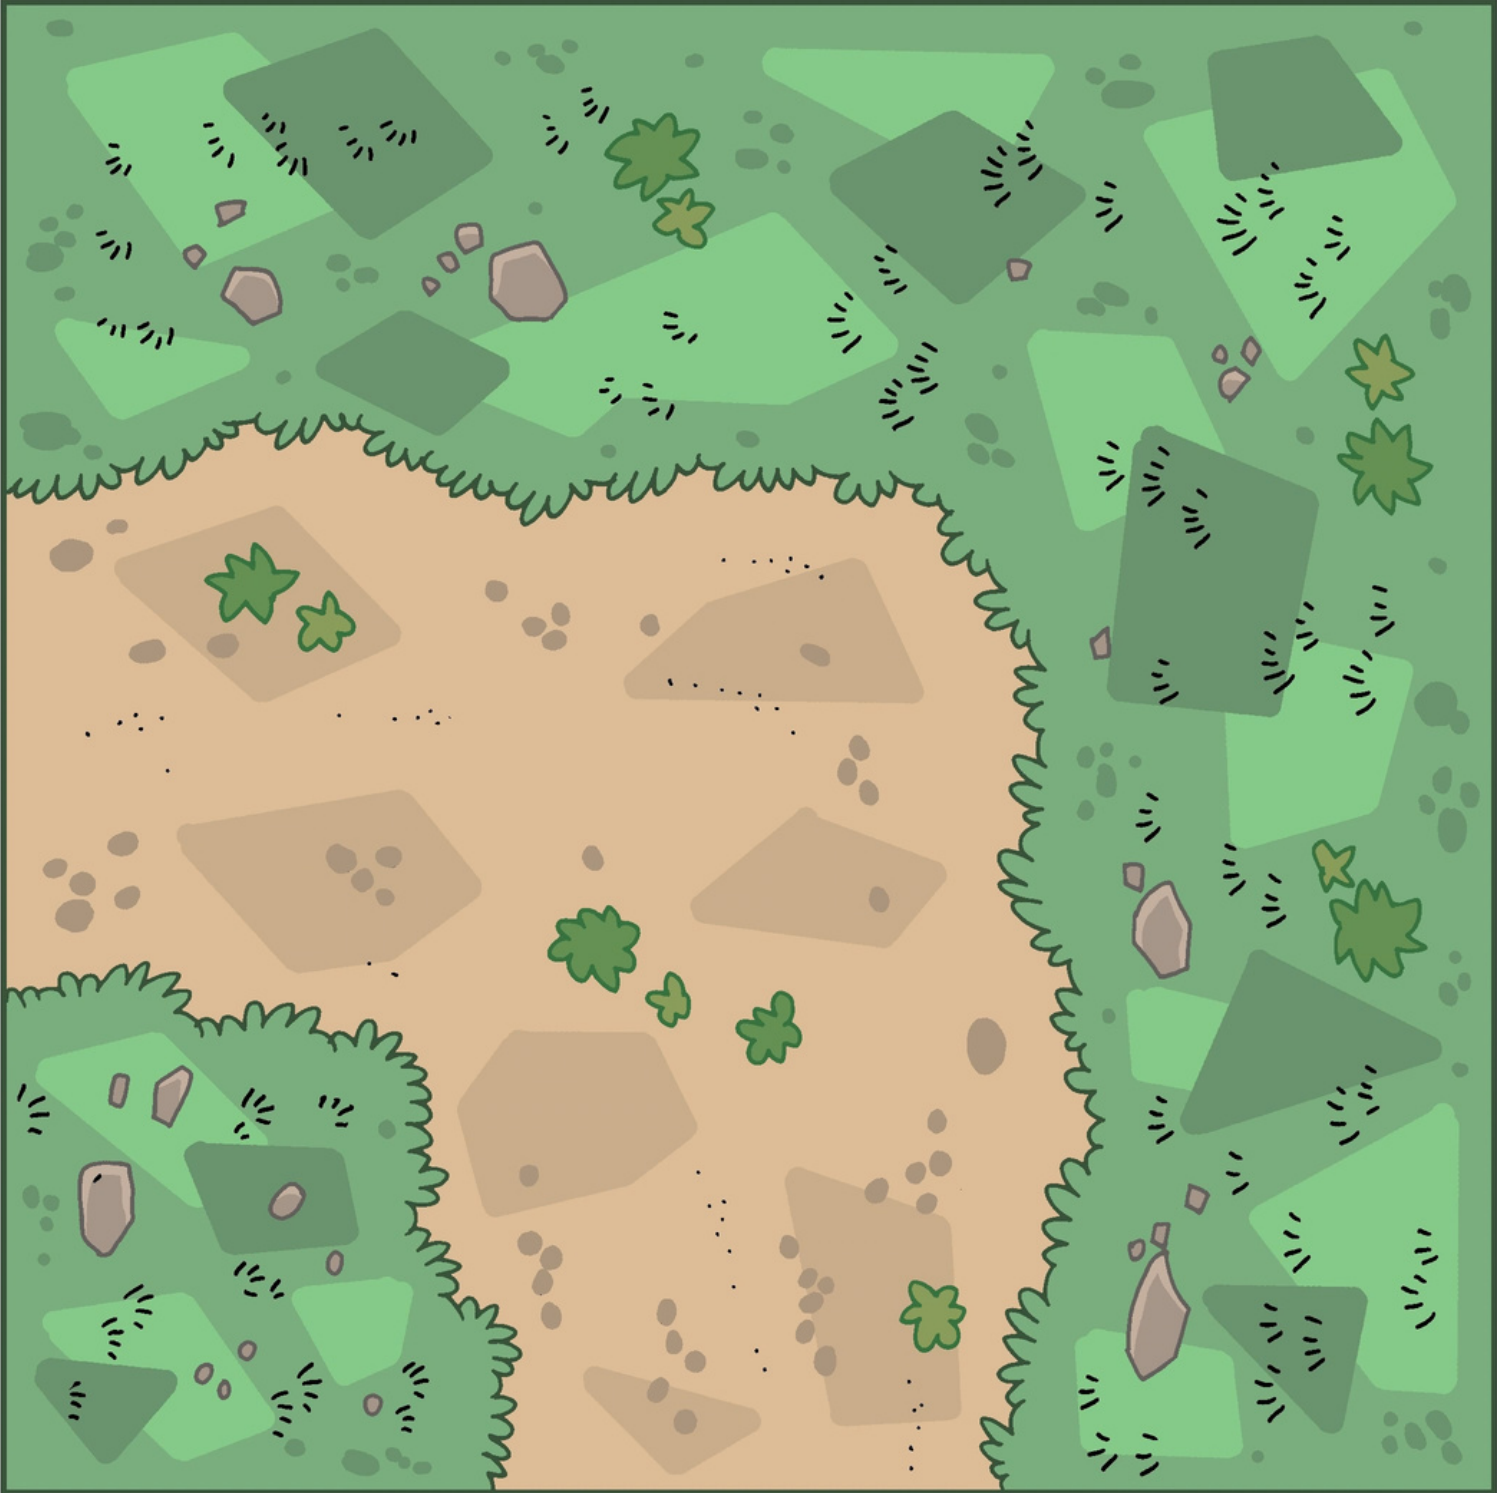

Hay muchas formas diferentes. Depende de ti experimentar y encontrar lo que prefieras. Recorta cada parte del terreno individualmente y pégala sobre un trozo de cartón o panel de presentación del mismo tamaño.

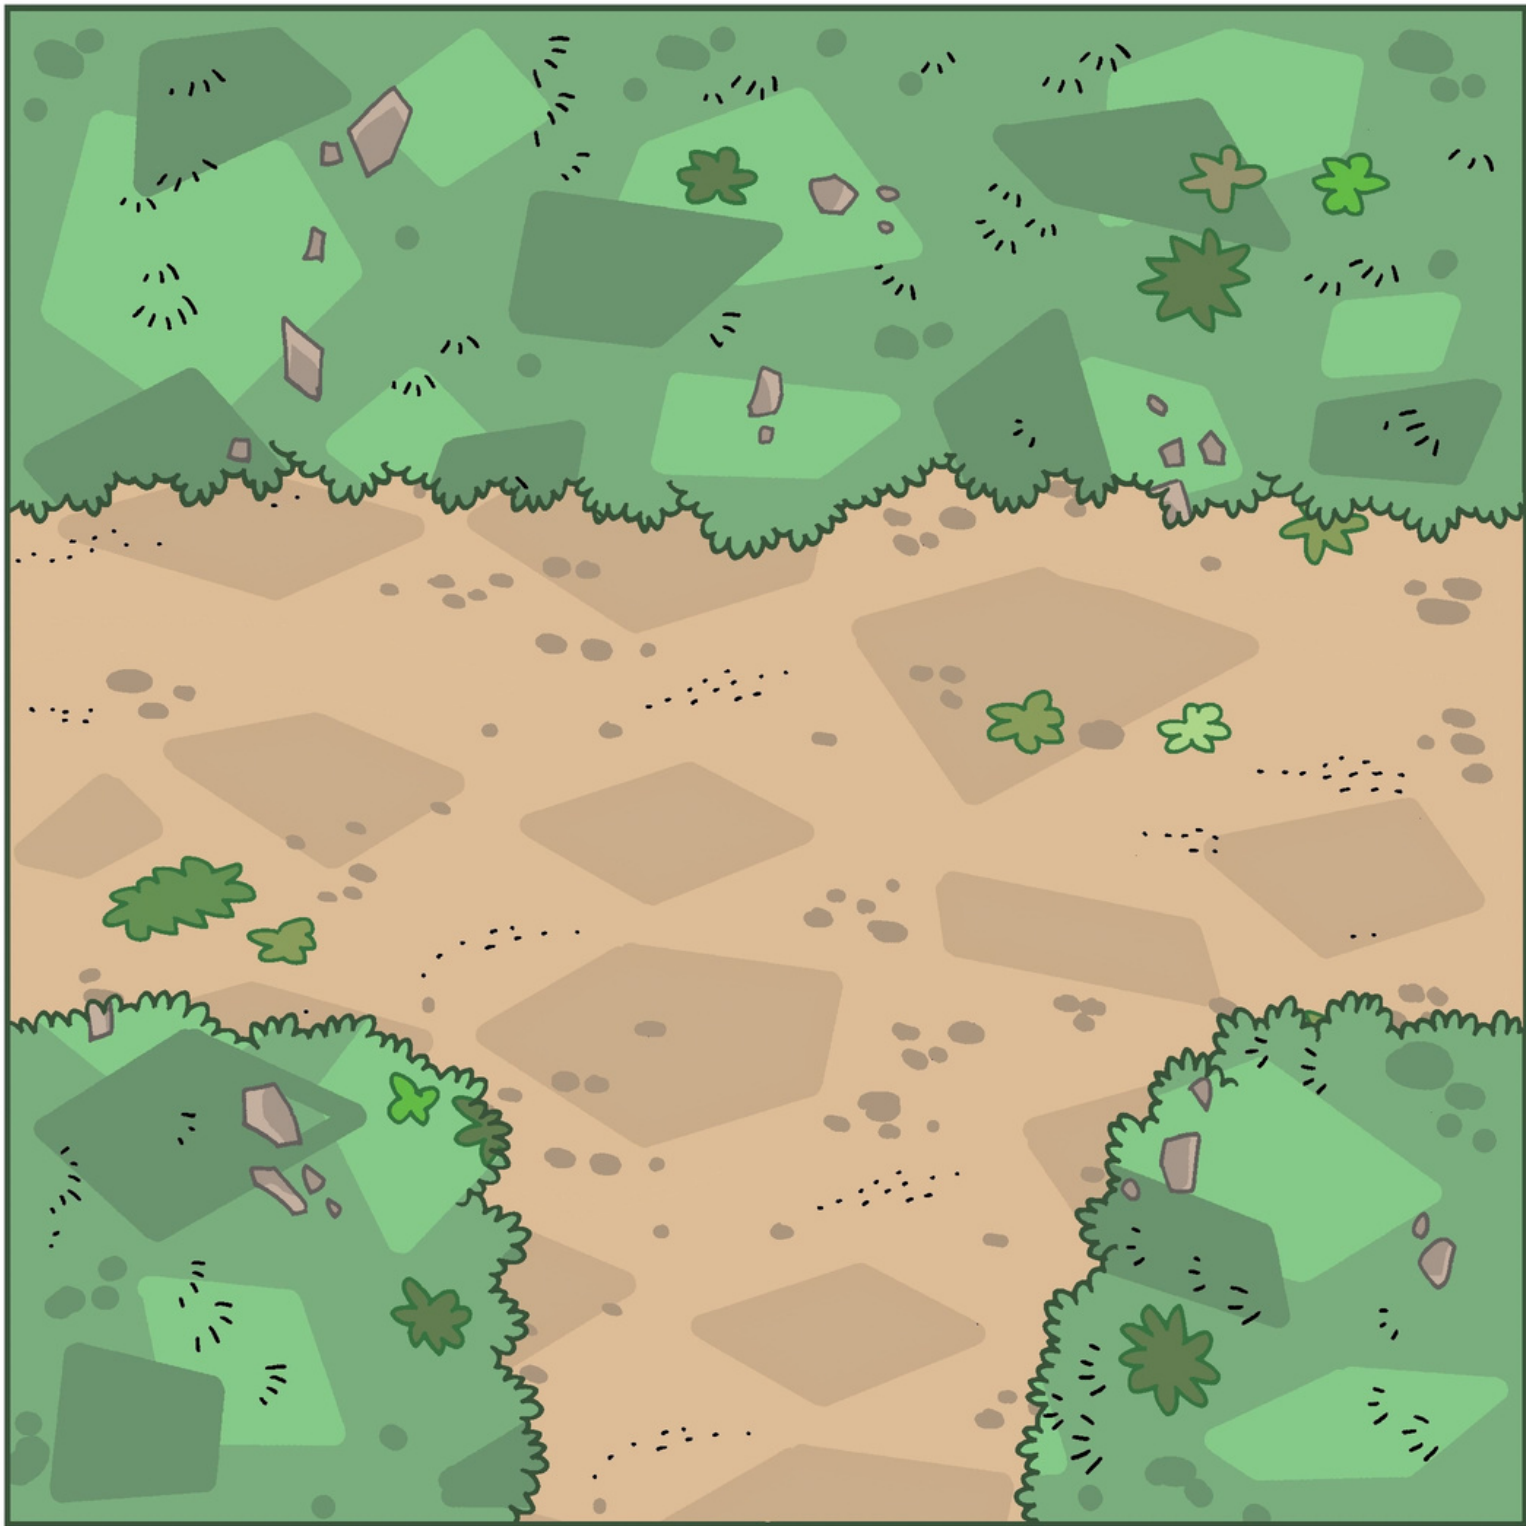

Luego, simplemente puedes unirlos con un trozo de cinta adhesiva en la parte posterior. De esta manera, si en el futuro deseas cambiar el orden de las piezas, será fácil separarlas y reorganizarlas.
